

Linux Jumpstart Program 5th Seminar – Fundamental Business Application

In order to promote Linux in Hong Kong, HKPC is implementing the “Linux Jumpstart Program” to promote Linux to the SMEs. The project will conduct a Linux adoption survey and implement a series of Linux application integration test for the SMEs. The survey results was announced in 6 July 2005 and HKPC is going to announce the integration test results through a series of seminar from Nov 05 - Mar 06. We have conducted a number of compatibility tests for the Linux business applications and will share the results with the SMEs. You are cordially invited to join our 5th seminar “**Linux Jumpstart Program - - Fundamental Business Application**“ which will cover the following topics:

1. Business Application on Linux and open source software - e-Form, Workflow, POS, Customer Relationship Management
2. Commerce Applications Introduction - Mandriva, e-Form, Oasis POS, SugarCRM
